Find your match!

Billie's Instructions

- Put a number from 0 to 3 in each box next to the description.

The numbers mean:

- 0 – I don't like this
 - 1 – I like this a bit
 - 2 – I like this quite a lot
 - 3 – This is one of my very favourite things
- Add the numbers in each row up to give a total for each Belly Bug
 - Now you can see which Belly Bugs you match with the best!

See my Tips if you need help!

Find your match!

Billie's Tips

Sometimes a favourite describes lots of things. For example, Borborygmus loves vehicles such as the Bellycopter and the Red Hot Roadster. You might like cars and trains. Can you name some other vehicles? Science also includes many things. Can you name some?

Sometimes a favourite describes one specific thing such as Kung Fu which Flicky loves. But there are many related things such as karate, ju jitsu, tae kwan do and tai chi. If you like something that is similar to (or related to) the favourite, then you can think of that as a match. Can you think of things that you like that are related to computers? I bet lots of you like computer games or play with apps on a tablet.

Have fun!
